

Australian National Stereo Convention

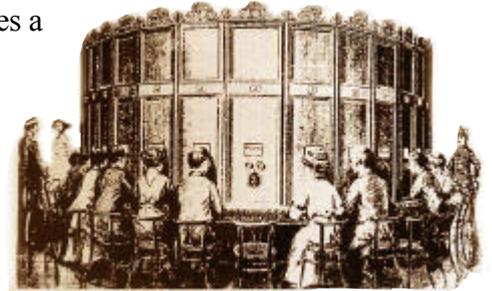

April 25 - 28 2007

All 3D enthusiasts are cordially invited to get together with members of The Victorian 3D Society and the Sydney Stereo Camera Club, in Swan Hill, Victoria, from Wednesday 25th until Saturday 28th April 2007, for the 20th Australian National Stereo Convention.

The Convention Centre will be at the historic Pioneer Settlement; projection and other activities will take place in the Dumosa Hall.

The Pioneer Settlement was the first open air museum in Australia and houses a collection of more than twenty thousand items, not the least of which is the Kaiser Panorama built in the 1880s. With seating for twenty five people at a time, it is one of very few still operational in the world. Attendees will have full access to all exhibits and facilities of this wonderfully presented setting, including the opportunity to come and go and take 3D photos (or, heaven forbid, 2D) at will.

Besides wonderful 3D shows, and the the company of our interstate friends, there will be a number of interesting activities and excursions to enjoy.

Among the places we will visit is Lake Boga, which was once used as a flying boat base; its museum houses a rebuilt Catalina flying boat and lots of early aviation history. Tyntynder homestead, built in 1846, is set in delightful old world gardens, and houses a unique collection of aboriginal artifacts found on the property. As well as touring the area and many of its landmarks, we will enjoy a Paddle Steamer ride on the mighty Murray, and there will be plenty of opportunities to enjoy the local cuisine including fine wines, Murray cod, yabbies and local fruits.

Of course all 3d-ists are invited to submit a slide show or 2 or 3 for the enjoyment of all in attendance. We welcome enquiries and early notification of shows.

Contact should be made to: **Max Hem:** maxhem@primus.com.au or **Brian Beattie:** clarama@netspace.net.au

Entry forms and booking details will be forwarded to club members automatically and interested non-members should apply through the above email addresses.

Don't miss the opportunity to be part of this wonderful tradition.
